

The purpose of this modification is to:

1. Incorporate the following clause in Section I.  
DFARS Clause 252.204-7012, Safeguarding Covered Defense Information and Cyber Incident Reporting (Oct 2016)
2. Recognize the change in the North American Industry Classification System (NAICS) code from 517110 to 517311.

Supporting Information for the change in NAICS code:

1. The (NAICS) code for Wired Telecommunications Carriers at time of award was 517110 has changed to 517311 effective 1 January 2017.
2. The SBA size standard of 1500 employees remains the same.
