

## NETCENTS Contract Extension as of 7 December 2010

The current NETCENTS contract ordering period for all CLINs was extended to 9 Sep 2011. Depending on color of money and strategy, you could issue a task order with a base performance period ending 8 Sep 2011, with an option period beginning 9 Sep 2011. All options must be exercised prior to the end of the ordering period of 9 Sep 2011 and all work must be completed NLT 8 Sep 2012. All orders and modifications must meet the bona-fide need rule relative to the color of money used and associated performance period for each contract action.

Example order providing max Period of Performance (PoP):

- Base year period of performance Expires 8 Sept 2010
- First Option year PoP: 9 Sept 2010 - 8 Sept 2011
- Second Option year PoP: 9 Sept 2011 - 8 Sept 2012

Orders placed against the NETCENTS IDIQ contracts between the dates 10 March 2011 and 9 June 2011 shall use the 500X NETCENTS CLIN series and orders issued between 10 June 2011 and 9 September 2011 shall use the 600X NETCENTS CLIN series. Please reference the IDIQ modifications for each contract to ensure CLIN structure compliance.

As the NETCENTS-2 replacement contracts are awarded, any new requirements within the scope of those contracts will be met by issuing orders under those contracts, and would no longer be met through orders issued under the current NETCENTS-1 contracts even if they are still in force.

Lastly, SAF/AQ issued a memorandum that permits bases to conduct set-aside acquisitions so long as they comply with the provisions outlined in the memo, to include the MAJCOM reporting element. This will not change for remaining extension options. A copy of the memo can be found by visiting the NETCENTS "What's new" folder at

<http://public.gunter.af.mil/aq/netcents/1/documents.aspx> and copies of the NETCENTS contract extension can also be obtained from the site. Direct questions to NETCENTS Customer Support at (334) 416-5070, Option 1, or DSN 596-5070, or e-mail [netcents@gunter.af.mil](mailto:netcents@gunter.af.mil).
