CONTRACT VEHICLES

Small Business Enterprise Applications Solutions IDIQ

AST is the low-risk, high-performing SBEAS Prime Contractor team

SBEAS

This IDIQ includes the comprehensive suite of IT services and IT solutions to support IT systems and software development in a variety of environments and infrastructures. This contract vehicle is available for use by all other Air Force MAJCOMs and other agencies that support an Air Force requirement.

OUR EXPERTISE

Cloud
Rapid delivery time to market, at lower cost with increased resilience across the enterprise

App Dev
Leverage Agile and DevSecOps to enable faster deployment and improved customer experience

CIO Advisory
Advise CIOs on the strategic use of technology to enable the mission and support the business

Business Intelligence & Analytics
Modernizing and integrating IT systems through automation and transformation of data through visualization

Data Science
Leverage machine learning, artificial intelligence, and deep learning for mission success

Cybersecurity
Adept with the design, deployment, and sustainment of DoD's RMF and NIST 800-53 & 800-171 principles

Data Management & Strategy
Data management and governance expertise transforms raw data into actionable information, empowering stakeholders to make defensible decisions with confidence

BENEFITS OF USING THE SBEAS CONTRACT VEHICLE

- Streamlined ordering process = Faster competition & awards
- **No contractor access fee**
- Access to technically capable small business vendors

- Vendor capabilities pre-vetted with relevant past performance
- Ability to buy best-value services and solutions

- Flexible evaluation strategies
- **High contract ceiling of $13.4B to meet any AF IT requirements**
