4010-4070	Effective Date of Option Period 4 through one (1) year

(b) Task order Option CLINs and period of performance will be cited in each individual task order.

(c) APPLICABLE TO SMALL BUSINESS GRADUATE AWARDEES ONLY.

(1) The respective ordering period(s) for option(s) identified in Section B is as follows:

CLIN Number	Ordering Period
3100-3700	Effective Date of Option Period 3 through one (1) year
4100-4700	Effective Date of Option Period 4 through one (1) year

(2) Task order Option CLINs and period of performance will be cited in each individual task order.

F002 PERIOD OF PERFORMANCE (FEB 1997)

(a) ID/IQ contract ordering period: The ordering period for orders

shall be from date of award for a three year basic period and four one year option period(s), if exercised.

(b) Task Order Period of Performance: Task Orders may be issued during any of the contract years. The performance period for each task order shall be cited in each individual order and may extend beyond the expiration date of this ID/IQ contract. Task orders shall be priced according to the applicable year rates for the task orders period of performance.

The total duration of any task orders issued under this basic contract, shall not exceed five (5) years, including all option periods.

The period of performance for any task order shall not extend more than 3 years beyond the last day of the basic contract ordering period (e.g., a task order issued on the last day of the ordering period of the basic contract could have a 1 year base period and two 1-year option periods).

F003 CONTRACT DELIVERIES (FEB 1997)

The following terms, if used within this contract in conjunction with contract delivery requirements (including data deliveries), are hereby defined as follows:

(a) "MAC" and "MARO" mean "months after the effective date for award of the contractual action (as shown in block 3, Section A, SF 26)".

(b) "WARO" means "weeks after the effective date for award of the contractual action".

(c) "DARO" means "days after the effective date for award of the contractual action".

(d) "ASREQ" means "as required". Detailed delivery requirements are then specified elsewhere in Section F.

F004 PROGRAM MILESTONES (DEC 2005)

So that the Government can determine whether or not the contractor is achieving satisfactory technical progress, certain milestones/events during the performance of this contract (including Configuration Reviews and Audits) are established. These events are referred to as Program Milestones and are set forth below:

Program Milestones	Completion Date

G001 ACCOUNTING AND APPROPRIATION DATA (FEB 1997)

Accounting and appropriation data will be set forth on individual orders issued hereunder.

G006 INVOICE AND PAYMENT - COST REIMBURSEMENT (FEB 2006)

Invoices (or public vouchers), supported by a statement of cost for performance under this contract, shall be submitted to the cognizant Defense Contract Audit Agency (DCAA) office. Under the provisions of DFARS 242.803(b), the DCAA auditor, is designated as the authorized representative of the contracting officer (CO) for examining vouchers received directly from the contractor.

G019 CONTRACTING AND ADMINISTRATIVE AUTHORITY (NOV 2009)

(a) The Procuring Contracting Officer (PCO) is the only person authorized to approve changes or modify the terms of the Schedule or clauses and provisions of Sections B through I of the Application Services small business companion contract or its attachments and exhibits, including the PWS.

(b) For clarification purposes under this contract, the term PCO is defined as the PCO at ESC/HIJK. The term "Contracting Officer" or "CO" refers to warranted procurement officials, within authorized decentralized ordering agencies. However, the PCO will be the final decision point for all basic ID/IQ contractual matters. The PCO shall have sole authority for the following actions:

- (1) To add or remove decentralized ordering offices at any time.
- (2) To issue Contracting Officer's final decisions relating to claims filed under the ID/IQ contract.
- (3) To issue modifications to this ID/IQ contract.

(c) The Contractor shall submit requests for modification of the basic contract to the PCO.

(d) Contractual disputes and claims that may arise under a task order must be handled in conformance with the Contract Disputes Act, FAR 52.233-1 and FAR 33.2. The Contracting Officer for a task order shall resolve any disputes or take any action under the contract's basic provisions that apply to their particular task order. Contracting Officers for a particular task order shall defend the government's position in any protest filed with the Agency, GAO or the Court of Claims arising from the fair opportunity competition for a task order. The funds obligated on the order or provided for the award shall be used for any additional government costs to litigate or defend the government position in a claim, appeal of a final decision or defend a protest against award.

(e) Requests for information on matters related to this contract, such as explanation of terms and contract interpretation, shall be submitted to the PCO.

(f) In addition to the Air Force, use of the NETCENTS-2 Application Services contracts may be available to DoD and other Federal Agencies when any of the following criteria exists:

- (1) related to requirements for interoperability with Air Force capabilities;
- (2) supports Air Force IT infrastructure, applications, or operations;

- (3) supports host-tenant arrangements involving Air Force units; or
- (4) support of joint operations or solutions.

(g) However, the Air Force reserves the right to restrict use of this contract. Additionally, the Air Force reserves the right to deny continued use of this contract by DoD or other Federal Agencies for reasons including, but not limited to, depletion of the remaining value of the contract ceiling or violation of the terms of the contract or User's Guide.

(h) Decentralized ordering authority is granted within the Air Force, and may be granted to DoD and other Federal Agencies on a non-interference basis with Air Force ceiling requirements. No decentralized orders shall be placed by DoD and other Federal Agencies without an assigned NETCENTS-2 PMO control number. Each decentralized ordering agency's Contracting Officer will make all determinations pertaining to individual task orders issued by that agency.

G020 ADMINISTRATIVE MATTERS (NOV 2011)

- (a) The address and telephone number of the PCO is:

AFLCMC/HICK
Attn: Patrick J. Kennerson, Sr., NETCENTS-2 Application Services PCO
501 East Moore Drive, Bldg 884
MAFB-Gunter Annex, AL 36114
Phone: (334) 416-4606

- (b) After completion of contract award, the ACO will be specified in Block 24 of SF 33.

(c) The Contractor shall provide a copy of any correspondence (relating to a contractual matter) received from any Government activity involved with this contract to the PCO and ACO.

This Clause was modified by: P00005.

G021 CONTRACT HOLIDAYS (NOV 2011)

FORMERLY AFMC 5352.237-9002 CONTRACT HOLIDAYS (AFMC) (NOV 2007)

(a) The prices/costs in Section B of the contract include holiday observances; accordingly, the Government will not be billed for such holidays, except when services are required by the Government and are actually performed on a holiday.

- (b) The following days are contract holidays:

New Years Day
Martin Luther King Day
President's Day
Memorial Day
Independence Day
Labor Day
Columbus Day
Veteran's Day
Thanksgiving Day
Christmas Day

(c) In addition to the days designated as holidays, the Government observes the following days:

Any other day designated by Federal Statute
Any other day designated by Executive Order

Any other day designated by the President's Proclamation

A. DEFENSE FAR SUPP CONTRACT CLAUSES IN FULL TEXT

252.234-7002 EARNED VALUE MANAGEMENT SYSTEM (MAY 2011)

(a) Definitions. As used in this clause—

“Acceptable earned value management system” means an earned value management system that generally complies with system criteria in paragraph (b) of this clause.

“Earned value management system” means an earned value management system that complies with the earned value management system guidelines in the ANSI/EIA-748.

“Significant deficiency” means a shortcoming in the system that materially affects the ability of officials of the Department of Defense to rely upon information produced by the system that is needed for management purposes.

(b) System criteria. In the performance of this contract, the Contractor shall use—

(1) An Earned Value Management System (EVMS) that complies with the EVMS guidelines in the American National Standards Institute/Electronic Industries Alliance Standard 748, Earned Value Management Systems (ANSI/EIA-748); and

(2) Management procedures that provide for generation of timely, reliable, and verifiable information for the Contract Performance Report (CPR) and the Integrated Master Schedule (IMS) required by the CPR and IMS data items of this contract.

(c) If this contract has a value of \$50 million or more, the Contractor shall use an EVMS that has been determined to be acceptable by the Cognizant Federal Agency (CFA). If, at the time of award, the Contractor's EVMS has not been determined by the CFA to be in compliance with the EVMS guidelines as stated in paragraph (b)(1) of this clause, the Contractor shall apply its current system to the contract and shall take necessary actions to meet the milestones in the Contractor's EVMS plan.

(d) If this contract has a value of less than \$50 million, the Government will not make a formal determination that the Contractor's EVMS complies with the EVMS guidelines in ANSI/EIA-748 with respect to the contract. The use of the Contractor's EVMS for this contract does not imply a Government determination of the Contractor's compliance with the EVMS guidelines in ANSI/EIA-748 for application to future contracts. The Government will allow the use of a Contractor's EVMS that has been formally reviewed and determined by the CFA to be in compliance with the EVMS guidelines in ANSI/EIA-748.

(e) The Contractor shall submit notification of any proposed substantive changes to the EVMS procedures and the impact of those changes to the CFA. If this contract has a value of \$50 million or more, unless a waiver is granted by the CFA, any EVMS changes proposed by the Contractor require approval of the CFA prior to implementation. The CFA will advise the Contractor of the acceptability of such changes as soon as practicable (generally within 30 calendar days) after receipt of the Contractor's notice of proposed changes. If the CFA waives the advance approval requirements, the Contractor shall disclose EVMS changes to the CFA at least 14 calendar days prior to the effective date of implementation.

(f) The Government will schedule integrated baseline reviews as early as practicable, and the review process will be conducted not later than 180 calendar days after—

- (1) Contract award;
- (2) The exercise of significant contract options; and
- (3) The incorporation of major modifications.

During such reviews, the Government and the Contractor will jointly assess the Contractor's baseline to be used for performance measurement to ensure complete coverage of the statement of work, logical scheduling of the work activities, adequate resourcing, and identification of inherent risks.

(g) The Contractor shall provide access to all pertinent records and data requested by the Contracting Officer or duly authorized representative as necessary to permit Government surveillance to ensure that the EVMS complies, and continues to comply, with the performance criteria referenced in paragraph (b) of this clause.

(h) When indicated by contract performance, the Contractor shall submit a request for approval to initiate an over-target baseline or over-target schedule to the Contracting Officer. The request shall include a top-level projection of cost and/or schedule growth, a determination of whether or not performance variances will be retained, and a schedule of implementation for the rebaselining. The Government will acknowledge receipt of the request in a timely manner (generally within 30 calendar days).

(i) Significant deficiencies. (1) The Contracting Officer will provide an initial determination to the Contractor, in writing, of any significant deficiencies. The initial determination will describe the deficiency in sufficient detail to allow the Contractor to understand the deficiency.

(2) The Contractor shall respond within 30 days to a written initial determination from the Contracting Officer that identifies significant deficiencies in the Contractor's EVMS. If the Contractor disagrees with the initial determination, the Contractor shall state, in writing, its rationale for disagreeing.

(3) The Contracting Officer will evaluate the Contractor's response and notify the Contractor, in writing, of the Contracting Officer's final determination concerning—

- (i) Remaining significant deficiencies;
- (ii) The adequacy of any proposed or completed corrective action;
- (iii) System noncompliance, when the Contractor's existing EVMS fails to comply with the earned value management system guidelines in the ANSI/EIA-748; and
- (iv) System disapproval, if initial EVMS validation is not successfully completed within the timeframe approved by the Contracting Officer, or if the Contracting Officer determines that the Contractor's earned value management system contains one or more significant deficiencies in high-risk guidelines in ANSI/EIA-748 standards (guidelines 1, 3, 6, 7, 8, 9, 10, 12, 16, 21, 23, 26, 27, 28, 30, or 32). When the Contracting Officer determines that the existing earned value management system contains one or more significant deficiencies in one or more of the remaining 16 guidelines in ANSI/EIA-748 standards, the Contracting Officer will use discretion to disapprove the system based on input received from functional specialists and the auditor.

(4) If the Contractor receives the Contracting Officer's final determination of significant deficiencies, the Contractor shall, within 45 days of receipt of the final determination, either correct the significant deficiencies or submit an acceptable corrective action plan showing milestones and actions to eliminate the significant deficiencies.

(j) Withholding payments. If the Contracting Officer makes a final determination to disapprove the Contractor's EVMS, and the contract includes the clause at 252.242-7005, Contractor Business Systems, the Contracting Officer will withhold payments in accordance with that clause.

(k) With the exception of paragraphs (i) and (j) of this clause, the Contractor shall require its subcontractors to comply with EVMS requirements as follows:

(1) For subcontracts valued at \$50 million or more, the following subcontractors shall comply with the requirements of this clause: "to be cited in each individual task order"

(2) For subcontracts valued at less than \$50 million, the following subcontractors shall comply with the requirements of this clause, excluding the requirements of paragraph (c) of this clause: "to be cited in each individual task order"

H004 TECHNICAL REVIEW AND GENERAL SYSTEMS ENGINEERING AND INTEGRATION (GSE&I) (MITRE) (DEC 2005)

Technical Review

(a) The Government has contracted with The MITRE Corporation for the services of a technical group which, under the program management of the Electronic Systems Center, is responsible to the Government for overall technical review of certain Government programs, including the efforts under this contract.

(b) Explanation of MITRE Role

(1) Technical Review is defined as the process of continually reviewing the technical efforts of Contractors. It does not include any modification, realignment, or redirection of Contractor efforts under this contract; such action may be effected only by the prior written direction of the Procuring Contracting Officer.

(2) The purpose of the review is to:

(i) Evaluate from a technical standpoint whether system concept and performance can be expected to be achieved on schedule and within cost.

(ii) Assure that the impact of new data, new developments and modified requirements is properly assessed and exploited.

(iii) Assure that The MITRE Corporation has available data on the status and technology of Government programs and projects to enable it to carry out its inter-system integration responsibilities to the Government.

General Systems Engineering & Integration

(a) The Electronic Systems Center has been assigned the responsibility for providing the necessary management surveillance over this program. The Government has entered into a contract with The MITRE Corporation to provide technical services and guidance to the Government program manager on matters pertaining to general systems engineering and integration.

(b) Explanation of MITRE Role

(1) General Systems engineering and integration is defined as that portion of systems engineering dealing with the overall integration of a system, design compromises among sub-systems,

definition of inter and intra-systems interfaces, analysis of sub-systems and participation in system testing all to the extent required to assure that system concept and objectives will be met on schedule and within costs.

(2) To support the systems engineering and integration role, MITRE may be required to review the progress of the Contractor's technical efforts and exchange information on the various technical areas involved.

(c) The Contractor agrees to cooperate with The MITRE Corporation by permitting MITRE to have access to IR&D reviews conducted for the Government.

(1) The MITRE Corporation has agreed not to engage in the manufacture or the production of hardware or software, not to disclose proprietary information to unauthorized personnel, and not to compete with any profit seeking concern.

(2) The Contractor agrees to cooperate with The MITRE Corporation by engaging in technical discussions with MITRE personnel, and permitting MITRE personnel access to information and data relating to technical matters (including cost and schedule) concerning this contract to the same degree such access is accorded Government project personnel.

(3) It is expressly understood that the operation of this clause will not be the basis for an equitable adjustment. Modifications, realignment or redirection of the Contractor's technical efforts and/or contract requirements shall be effected only by the written direction of the Contracting Officer.

H025 INCORPORATION OF SECTION K (OCT 1998)

Section K, Representations, Certifications, and Other Statements of Offerors, of the solicitation is hereby incorporated by reference.

H029 IMPLEMENTATION OF DISCLOSURE OF INFORMATION (OCT 1997)

In order to comply with DFARS 252.204-7000, Disclosure of Information, the following copies of the information to be released are required at least 45 days prior to the scheduled release date:

(a) One copy to: Strategic Communications, AFPEO EIS/HIP, 490 East Moore Drive, Bldg 892, Room 210, MAFB-Gunter Annex, AL 36114

(b) One copy to: Contracting Officer, AFLCMC/HICK, 501 East Moore Drive, Bldg 884, Room 1400, Maxwell AFB-Gunter Annex, AL 36114-3004

(c) One copy to: Program Manager, ESC/HIJ, 501 East Moore Drive, Bldg 884, Room 1400, Maxwell AFB-Gunter Annex, AL 36114-3004

This Clause was modified by: P00006.

H047 TRAVEL (FEB 2003)

(a) The contractor employees' may be required to travel within the contiguous United States and overseas. All travel arrangements shall be in accordance with FAR 31.205-46. The contractor employees' may be required to travel by Government-provided transportation. Travel requirements will be reimbursed by separate voucher and must be approved in advance by the Contracting Officer or Contracting Officer Representative or as specified in each individual task order. Travel requirements will be identified, proposed, and negotiated in individual task orders on a cost-reimbursement basis under the travel CLINs. The contractor shall be responsible for obtaining any passports or visas and making travel arrangements to and from any OCONUS location.

(b) The Government may provide travel to and from overseas work sites via Air Mobility Command (AMC) flights, if available. AMC travel fees may be contractor-paid and invoiced to the Government. The Government will be responsible for obtaining travel clearances and issuance of any required special orders. Use of AMC transportation shall be approved in advance by the Contracting Officer or designee. Orders authorizing AMC travel will specify the contractors Customer Identification Code (CIC). If the contractor does not have a CIC number, the orders will state the below. Use of AMC transportation is subject to availability.

SPECIAL ACCOUNT HANDLING: billing for AMC transportation will be forwarded "to be cited in each individual task order".

(c) The travel CLIN is intended to pay for travel occurring at the direction of the Government, performed in conjunction with a specific trip authorized in a task order. Travel by clerical support personnel shall be approved in advance by the Contracting Officer.

H063 CONTRACTOR IDENTIFICATION (FEB 2003)

(a) Contractor personnel and their subcontractors must identify themselves as contractors or subcontractors during meetings, telephone conversations, in electronic messages, or correspondence related to this contract.

(b) Contractor-occupied facilities (on AFMC or other Government installations) such as offices, separate rooms, or cubicles must be clearly identified with contractor supplied signs, name plates or other identification, showing that these are work areas for contractor or subcontractor personnel.

H092 COMMUNICATIONS SECURITY (COMSEC) MONITORING (AUG 2005)

All communications with DoD organizations are subject to Communications Security (COMSEC) review. Contractor personnel will be aware that telecommunications networks are continually subject to interception by unfriendly intelligence organizations. The DoD has authorized the military departments to conduct COMSEC monitoring and recording of telephone calls originating from or terminating at DoD organizations. Therefore, civilian contractor personnel are advised that any time they place a call to or receive a call from a USAF organization they are subject to COMSEC procedures. The Contractor will assume the responsibility for ensuring wide and frequent dissemination of the above information to all employees dealing with official DoD information.

H098 CONTRACTOR USE OF NETCENTS-2 CONTRACT (NOV 2009)

When authorized pursuant to FAR 51.101(a), weapons systems integrator contractors, "A-76 Contractors," or any contractor performing on an awarded government contract or task order providing services/solutions in the areas of network operations, infrastructure, or application services shall be authorized pursuant to FAR 51.102(c)(5) to place orders on the NETCENTS-2 Products contracts for the purpose of purchasing system components that interface with or are to be integrated into the AF Enterprise network-centric architecture. Only the NETCENTS-2 PCO or other authorized DoD or Federal agency PCO are authorized to approve contractor's use of Netcentric NETCENTS-2 Products contract, as appropriate. Contractors authorized to purchase through the NETCENTS-2 Products contracts shall only purchase products that meet the NETCENTS-2 scope criteria. In addition to the requirements of FAR 51.102(d), the Contracting Officer responsible for these contractors must provide to the NETCENTS-2 Procuring Contracting Officer a Letter of Certification identifying contractor indicative data - (Contract Number assigned, company name, location) and a list of contractor names, postal and e-mail addresses who will require access to the NETCENTS-2 and/or AFWAY II Ordering Portal. The NETCENTS-2 Ordering Guide (See H137) will provide detailed instructions on how these contractors will use the portal to place these orders and documentation that the decentralized contracting agency shall provide to the NETCENTS-2 Contracting Officer.

Approved contractors shall include the following paragraph on such task orders:

This order is placed under written authorization from _____ dated _____, In the event of any inconsistency between the terms and conditions of this order and those of the NETCENTS-2 Products contracts, the latter will govern.

H100 TECHNICAL DATA AND COMPUTER SOFTWARE (NOV 2009)

- a. IAW DFARS 227.7202-1(a), Government use of Commercial Computer Software and documentation shall be subject to the terms of the Commercial License provided to the public to the extent that the license is consistent with the terms of Federal procurement law (including Federal Fiscal law)-See FAR 12.302(b) for guidance on Federal laws that take precedence over the terms of the commercial software license.
- b. The prime contractor's proposal of particular commercial computer software to meet a Government performance or functional requirement shall be deemed to be a warranty of fitness for a particular purpose and that warranty shall prevail over any disclaimer in the commercial license.
- c. Any non-commercial computer software or computer software documentation or technical data not required to be delivered in performing a task order shall be subject to the DFARS 252.227-7026, Deferred Delivery of Technical Data or Computer Software and DFARS 252.227-7027, Deferred Ordering of Technical Data or Computer Software.

H101 INFORMATION ASSURANCE TRAINING, CERTIFICATION, AND WORKFORCE MANAGEMENT (NOV 2009)

(a) The contractor shall ensure that personnel accessing information systems have the proper and current information assurance certification to perform information assurance functions in accordance with Department of Defense Instruction (DODI) 8570.1, "Information Assurance Training, Certification and Workforce Management" and DoD 8570.01-M, Information Assurance Workforce Improvement Program. The contractor shall meet the applicable information assurance certification requirements, including--

(1) DoD-approved information assurance workforce certifications appropriate for each category and level as listed in the current version of DoD 8570.01-M; and

(2) Appropriate operating system certification for information assurance technical positions as required by DoD 8570.01-M.

(b) Upon request by the Government, the contractor shall provide documentation supporting the information assurance certification status of personnel performing information assurance functions.

(c) Contractor personnel who do not have proper and current certifications shall be denied access to DoD information systems for the purpose of performing information assurance functions.

(d) For Task /Delivery Orders that include information assurance functional services for DoD information systems, or that require any appropriately cleared contractor personnel to access a DoD information system to perform contract duties, the requiring activity is responsible for providing to the contracting officer-

(1) A list of information assurance functional responsibilities for DoD information systems by category (e.g., technical or management) and level (e.g., computing environment, network environment, or enclave); and

(2) The information assurance training, certification, certification maintenance, and continuing education or sustainment training required for the information assurance functional responsibilities.

(e) After contract award, the requiring activity is responsible for ensuring that the certifications and

certification status of all contractor personnel performing information assurance functions as described in DoD 8570.01-M, Information Assurance Workforce Improvement Program, are in compliance with the manual and are identified, documented, and tracked in accordance with PGI 239.7102-3.

(f) The responsibilities specified in paragraphs (d) and (e) of this section apply to all DoD information assurance duties supported by a contractor, whether performed full-time or part-time as additional or embedded duties, and when using a DoD contract, or a contract or agreement administered by another agency (e.g., under an interagency agreement).

H102 TEAMING (NOV 2009)

For purposes of this clause, a company is defined as a business entity with its own Taxpayer Identification Number.

1) A company cannot be a prime contract holder and a subcontractor to another prime contract holder within the same multiple award ID/IQ contract pool. A company that is a prime contractor in a Full & Open OR a Small Business Companion contract pool may subcontract to a prime contractor(s) in the opposite contract pool (applies to NetOps Infrastructure and Application Services multiple award ID/IQ contract pools).

2) Companies can be a subcontractor to multiple primes within the same multiple award ID/IQ contract pool, provided they are not a prime in that pool.

3) Significant subcontractors, which will only consist of 1st tier subcontractors, used to provide Past Performance Information in proposal submission shall not be substituted after contract award unless approved by NETCENTS-2 Application Services PCO.

H103 ON RAMP (NOV 2009)

The Government intends to establish an awardee pool under the NETCENTS-2 effort. The Government will initially establish the awardee pool by competitively awarding multiple-award ID/IQ contracts. Initial awardees of the NETCENTS-2 Application Services small business efforts will be awarded contracts with a base term of three (3) years, plus four one-year options (if exercised). The Government reserves the right to reopen competition at any time during the term of the contract to add additional contractors to the original pool of awardees.

When reopening competition, the Government will advertise via Hanscom AFB Electronic Request for Proposals Bulletin Board (HERBB) and Federal Business Opportunities (FedBizOpps) and conduct a full and open competition to bring the awardee pool up to either the initial awardee pool or a greater number of awardees. Any awardee already in the awardee pool will not recompete for an awardee pool position. The On-Ramp competitions will use the same evaluation methodology and documentation (updated to reflect changes in regulatory provisions and commercial practices and certifications) as the original competition. Once a new awardee is selected, that awardee will be included in the awardee pool and will compete for future task orders. The ordering period for new contractors being added to the initial awardee pool will coincide with initial awardees ordering period, inclusive of options, but shall not extend the overall term of the contract beyond the original ordering period nor shall it reestablish the contract base period, inclusive of options.

H106 AVOIDANCE OF ORGANIZATIONAL CONFLICT OF INTEREST (NOV 2011)

The following additional terms and conditions apply and shall be incorporated in each task order issued under this contract:

1. The parties recognize that the Contractor will play a very visible and responsible role in the fulfillment of a broad and comprehensive spectrum of NETCENTS-2 requirements. This role creates access to information that is not available to the public, which: (1) might give the Contractor an unfair

competitive advantage; and/or (2) creates an appearance that the Contractor has an unfair competitive advantage even if no such advantage actually exists. The technical judgment of the Contractor will influence research, development and test products, and the Contractor may play a key technical review role over other contractors' work. Both the Government and other contractors must have the utmost confidence that acquisitions are fair and that the Contractor's judgment and recommendations are objective, impartial, and independent.

2. In order to prevent: (a) conflicting roles which might bias the Contractor's judgment or objectivity in meeting its duties to the Government under this and any other contract(s) with the Government; (b) an unfair competitive advantage inuring to the Contractor under this or any other contract(s) with the Government; and (c) the appearance of an unfair competitive advantage in any Air Force acquisitions, it is agreed by the parties to this contract that the Contractor shall be restricted in its future contracting with the Government to the extent described below. The Contractor agrees to accept, and pursue to completion, all tasks identified hereunder and to ensure that its parents, subsidiaries, and affiliates do not thereafter enter into contractual agreements as prime contractors or first tier subcontractors which would create a conflict within the meaning of this clause, except as follows:

If performance of a task could cause a conflict of interest within the meaning of this clause with a contract or subcontract held by the Contractor, its parent, subsidiaries or affiliates, which pre-existed the identification of the task to the Contractor, the Contractor must disclose the conflict of interest to the Contracting Officer. If the Contracting Officer confirms that the conflict exists, the parties will consider the alternatives available to eliminate the conflict and mutually resolve it considering the relative burdens created by the prospective solutions.

3. If, when proposing on future task orders under this contract, the Contractor believes that a real or perceived OCI may exist as a result of an award involving unequal access to nonpublic information, the contractor shall submit an OCI Avoidance or Mitigation Plan with its proposal on the task order. If, however, the contractor has performed such tasks as recommending a solution, defining an architecture, preparing complete specifications, reviewing the work statement, budget or cost estimate under a task order on another contract (e.g. Enterprise Integration and Service Management) that would require its subsequent performance of a future task order under this contract, the contractor will be barred from competing for or participating as a prime contractor or subcontractor on that future task order.

4. If the Contractor in the performance of this contract, assists in the preparation of a requirement, or provides information leading directly, predictably and without delay to the preparation of a requirement, it is agreed by the parties that the Contractor's parent companies, subsidiaries, and any organization with which the Contractor is affiliated through an ownership or direct financial interest shall be ineligible to participate in any competition to obtain award of a contract to perform for the Government the work described within said requirements documents.

5. If the Contractor discovers an actual or potential organizational conflict of interest not previously considered or adequately mitigated under this clause, prior to any additional planning, the Contractor shall make a prompt and full disclosure in writing to the Contracting Officer. This report shall include a description of the violation and the actions the Contractor has taken or proposes to take to mitigate and avoid repetition of the violation. The Contractor shall routinely monitor its proposed business development and shall discuss any real or perceived OCI issues with the Contracting Officer and affected customers to proactively resolve and/or mitigate those potential OCI issues. After conducting such further inquiries and discussions as may be necessary, the Contracting Officer and the Contractor shall agree on appropriate corrective action, if any, or the Contracting Officer shall direct such action, subject to the terms of this contract.

6. The Contractor agrees that any organization participating in the performance of this contract shall be bound as though the "Contractor" hereunder. Entities or organizations merely cooperating with the Contractor (e.g., providing information) to enable the Contractor or its agents subcontractors, or affiliates to perform shall not be deemed to be "participating" hereunder. This provision shall be incorporated in a manner to insure that such organizations, and their parents, subsidiaries, and affiliates, shall be so bound

in all subcontracts, teaming arrangements, and other agreements calling for the performance of any requirements under this contract.

7. OCI violations are a significant contract performance issue. Violations of this clause may have consequences ranging from award fee decrements, contract termination, suspension and debarment, or other appropriate remedies or administrative actions. This restrictions identified above applies to all work under NETCENTS-2, including classified projects, and shall be in effect until and through award of any development or production contract associated with that requirement.

H111 PASSPORTS, VISAS, LICENSES, AND PERMITS (NOV 2009)

The contractor shall be responsible for timely and complete submittal of the necessary information and forms directly to the appropriate Government Agency for the required passports, visas, licenses, and permits. The contractor shall be responsible for the sponsorship of its employees and their dependents and shall process said permits directly through the appropriate Government Agency, at no additional cost to the Government.

H112 ORDERS INVOLVING PERFORMANCE OUTSIDE THE UNITED STATES AND CANADA (NOV 2009)

1) IAW DFARS Part 225.802-70, when an order is issued that involves contractor performance outside of the United States and Canada, the procedures at PGI 225 (as outlined below) shall be followed:

PGI 225.7203 Contracting officer distribution of reports.

Before contract award, forward a copy of any reports that are submitted with offers in accordance with the provision at 252.225-7003, Report of Intended Performance Outside the United States and Canada- Submission with Offer, to the Deputy Director of Defense Procurement and Acquisition Policy (Program Acquisition and International Contracting), USD(AT&L)DPAP(PAIC), Washington, DC 20301-3060. This is necessary to satisfy the requirement of 10 U.S.C. 2410g that notifications (or copies) of contract performance outside the United States and Canada be maintained in compiled form for 5 years after the date of submission.

PGI 225.802-70 Contracts for performance outside the United States and Canada.

When a contracting office anticipates placement of a contract for performance outside the United States and Canada, and the contracting office is not under the jurisdiction of a command for the country involved, the contracting office shall maintain liaison with the cognizant contract administration office (CAO) during preaward negotiations and postaward administration. The cognizant CAO can be found at <<http://pubapp.dcma.mil/main.jsp>> . The CAO will provide pertinent information for contract negotiations, effect appropriate coordination, and obtain required approvals for the performance of the contract.

2) Additional guidance found at DFARS PGI 225.74, Defense Contractors Outside the United States, shall be followed.

H115 ENTERPRISE SOFTWARE INITIATIVE (ESI) (MAR 2010)

IAW DFARS 208.7402 departments and agencies shall fulfill requirements for commercial software and related services, such as software maintenance, in accordance with the DoD Enterprise Software Initiative (ESI) (see website at <http://www.esi.mil>) and in accordance with acquisition procedures at PGI 208.7403.

The NETCENTS-2 Application Services small business companion task order contracting officer will authorize the contractor to use existing enterprise licenses or place orders against the ESI Blanket Purchase Agreements (BPAs) in order to make up total solutions for task orders issued under this contract. If the required commercial software or related services are not in the DoD inventory, and not on an ESA, the contractor may fulfill the requirement through the NETCENTS-2 Products contract.

H116 MODIFICATION OF DATA REQUIREMENTS (NOV 2009)

From time-to-time during the performance of this contract, the Contracting Officer unilaterally may change the place of delivery and the technical office for any data item hereto, at no change in contract price.

H118 CONTRACTOR FURNISHED SOFTWARE UPDATES (NOV 2009)

1. Software Components. At any time during the contract period of performance, the Government may require the Contractor to remedy any failure of the software to comply with the requirements of this contract. Support shall consist of correction of errors, provision of modifications, improvements, and other products the original manufacturer makes available to the Government without charge. The Government shall also be provided full documentation of changes and/or modifications to the software provided to meet the Government's requirements.

2. Corrective action shall be taken by the Contractor within 30 days following notification by the Contracting Officer of any failure of software items to achieve the Contractual requirements. Corrective action includes submitting a Proposal detailing the development and implementation of changes/corrections into a form suitable for Government testing and implementation, and shall apply to all affected software purchased under this contract. In making the corrective actions, the Contractor shall not adversely affect the operation or performance of any other system components.

3. The Contractor shall include in the Proposal, at no cost to the Government, three copies of the proposed updated software and all associated documentation including the updates, to the Contracting Officer for evaluation. Additional copies or duplication rights may be requested by the PCO.

4. Implementation of any corrective action by the Contractor is subject to the Contracting Officer's prior written approval. The Contracting Officer may give conditional approval of proposed design changes upon passage of such laboratory or field testing as may be reasonable under the circumstances.

5. Upon Government acceptance of the proposed software update Technology Improvement Process (TIP), the vendor shall notify all Contract affected users which purchased the software being updated, that a software update is available at no additional cost to the customer. Upon request by authorized customers (users which purchased the failed software from this contract), the Contractor shall distribute the corrected software at no additional cost to the Government.

H120 SECURITY (NOV 2009)

1. See Section J, Attachment 2 - SECURITY REQUIREMENTS FOR CONTRACTORS REQUIRING ACCESS TO CLASSIFIED INFORMATION and Attachment 3- SECURITY REQUIREMENTS FOR UNCLASSIFIED SERVICES

H136 THE ROLE OF THE INFORMATION TECHNOLOGY COMMODITY COUNCIL (ITCC) (NOV 2009)

(a) The Air Force has formed an ITCC to develop service wide strategies for buying and managing commercial information technology products and services. The ITCC is comprised of representatives from the Air Staff, all Air Force MAJCOMs, and several functional communities.

(b) Throughout the ordering period of this contract, the ITCC will continue to develop acquisition, buying, and life-cycle management strategies that will include products and services available through the NETCENTS-2 Application Services Small Business companion contracts and other contracts available to the Air Force.

(c) When purchasing items covered by an ITCC strategy, the Contractor shall first be required to review and use (if available) the ITCC's preferred sources of supply and buying standards. The ITCC may compete among NETCENTS-2 contract holders to select enterprise level providers. NETCENTS-2

contract holders selected as the source of supply by the ITCC shall allow all other NETCENTS-2 contract holders to purchase those items off of their catalog in support of orders placed on the NETCENTS-2 contract.

(d) Support to the ITCC and compliance with ITCC strategies and standards will be considered when preparing CPARS .

(e) The NETCENTS-2 Contractors shall provide the ITCC detailed spending data for all Air Force task/delivery orders placed through the NETCENTS-2 contracts. This spend data will include itemized detail that identifies, at a minimum, MAJCOM, purchaser, item purchased, date purchased, and price paid. The spend data will be in sufficient detail to answer the following types of questions:

- (1) Who is buying
- (2) What they are buying
- (3) When they are buying
- (4) Where they are buying from (OEM & supplier)

Reliability data for all components shall also be required. Reliability data will include only those products supplied under the NETCENTS-2 contract and must be a detailed listing by serial number.

H137 TASK ORDER PROCEDURES (NOV 2009)

The procedures for selecting contractors for order awards under this contract are governed by FAR 16.505 and supplements. Unless otherwise specified in a task order (TO) Request for Proposal (RFP), the following defines the process by which fair opportunity will be afforded, how task orders (TOs) will be processed and priced, and how a TO will be awarded.

1. In addition to the Air Force, use of the NETCENTS-2 Application Services small business copanion contracts may be available to DoD and other Federal Agencies when any of the following criteria exists:

- (1) related to requirements for interoperability with Air Force capabilities;
- (2) supports Air Force IT infrastructure, applications, or operations;
- (3) supports host-tenant arrangements involving Air Force units; or
- (4) support of joint operations or solutions.

However, the Air Force reserves the right to restrict use of this contract. Additionally, the Air Force reserves the right to deny continued use of this contract by DoD or other Federal Agencies for reasons including, but not limited to, depletion of the remaining value of the contract ceiling or violation of the terms of the contract or User's Guide.

2. Decentralized ordering authority is granted within the Air Force, and may be granted to DoD and other Federal Agencies on a non-interference basis with Air Force ceiling requirements. No decentralized orders shall be placed by DoD and other Federal Agencies without an assigned NETCENTS-2 PMO control number.

3. For this contract, the designated task order ombudsman is as designated in AFFARS clause 5352.201-9101. The task order ombudsman is responsible for reviewing complaints from multiple award contractors and ensuring that all of the contractors are afforded a fair opportunity to be considered for task orders in excess of \$3,000 consistent with procedures in the contract. However, it is not within the designated task order contract ombudsman's authority to prevent the issuance of an order or disturb an existing order. This clause does not guarantee the contractor issuance of any task order above the minimum guarantee(s) stated in Section B, B061, Contract Maximum and Contract Minimum Guarantee.

4. Contractors providing Solutions through this contract shall purchase products from the NETCENTS-2 Netcentric Products contract in accordance with Section J, Attachment 1, Para 4.1 and as authorized in clause H098. All such quotes received shall be included in the proposal submission and priced under the ODC CLINs.

5. The Application Services Category has a set of Full and Open contracts as well as a separate set of contracts for small business concerns hereinafter referred to as "Companion Contract. A "Companion Contract" is a separate set of contracts for small business concerns with the same scope of coverage as the full and open contracts. These procedures apply when determining which contracts in which to compete task order RFPs - Full and Open Contracts vs Small Business Companion Contracts.

a) Each acquisition of services that has an anticipated dollar value exceeding \$3,000, but not over \$150,000 shall be competed in the Application Services Small Business Companion Contracts pool of awardees unless the task order contracting officer determines there is not a reasonable expectation of obtaining offers from two or more small business concerns that are competitive in terms of market prices, quality and delivery. If a task order is competed in the Application Services Small Business Companion contract pool of awardees and the task order contracting officer receives no offers, or no acceptable offers from a small business companion contract ID/IQ awardee, the RFP shall be withdrawn and the requirement, if still valid, shall be resolicited in the Application Services full and open pool of ID/IQ contracts awardees.

b) For orders exceeding \$150,000 the task order Contracting Officer should conduct market research to determine whether or not there is a reasonable expectation of receiving offers from at least two small business companion contractors. If market research reveals that at least two small businesses in the Small Business Companion contract are capable of performing the work, the task order should be competed in the Application Services Small Business Companion contract pool of awardees. If a task order is competed in the Application Services Small Business Companion contract pool of awardees and the task order contracting officer receives no offers, or no acceptable offers from a small business companion contract ID/IQ awardee, the RFP shall be withdrawn and the requirement, if still valid, shall be resolicited in the Application Services full and open pool of ID/IQ contracts awardees.

6. Fair Opportunity Process.

a) Each task order RFPs shall be provided to each of the prime contractors via AFWAY or AFWAY II. All holders of ID/IQ contracts are encouraged to compete for Application Services Task Orders. Each prime contractor shall evaluate the opportunity and determine whether or not to submit a proposal.

b) The RFP (unless the contracting officer determines that an exception to fair opportunity procedures applies) will include, at a minimum, the following information:

- (i) Tracking Number (AFWAY/AFWAY II assigns a tracking number to each RFP)
- (ii) Date of Announcement
- (iii) End User Customer Agency and the Contracting Officer's Technical Representative (COTR)
- (iv) Technical requirements package
- (v) Performance Work Statement (PWS) or Statement of Objective (SOO)
- (vi) CDRL package
- (vii) Anticipated Contract Type
- (viii) Contracting Agency POC Name Phone Number and Fax
(CO and Contract Specialist)
- (ix) E-mail Address/Mailing Address or Fax Number
- (x) Proposal Due Date
- (xi) Best value evaluation criteria

c) Fair Opportunity Exceptions. One or more TOs may be issued during the ordering period of this contract. In accordance with the Federal Acquisition Streamlining Act (FASA), FAR 16.505(b) and DFARS 216.505-70(b), the CO will provide all awardees a "fair opportunity" to be considered for each order in excess of \$3,000 unless one of the conditions below applies.

(i) The agency need for the services is so urgent that providing a fair opportunity would result in unacceptable delays;

(ii) Only one awardee is capable of providing the services required at the level of quality required because the services ordered are unique or highly specialized.

(iii) The order must be issued on a sole-source basis in the interest of economy and efficiency as a logical follow-on to an order already issued under the contract, provided that all multi-awardees were given a fair opportunity to be considered for the original order.

For actions considered to be a fair opportunity exception, the justification approval levels shall be consistent with AFFARS MP5306.304.

7. Selection Criteria for Awarding Task Order.

The Government will award to the offeror whose proposal is deemed most advantageous to the Government based upon an integrated assessment using the evaluation criteria. The Government will evaluate proposals against established selection criteria specified in the task order RFP. Generally, the Government's award decision will be based on selection criteria which addresses Past Performance, Technical Acceptability, Proposal Risk and Cost. Among other sources, evaluation of Past Performance may be based on past performance assessments provided by TO Program Mangers on individual task orders performed throughout the life of the contract. The order of importance for the factors will be identified in the RFP for the specified task order.

8. Proposal Process.

a) The CO will issue a Task order RFP to all prime contractors, unless a fair opportunity exception exists. The RFP will include a due date for proposal submission and either a Statement of Objectives (SOO) and/or a PWS that will include a detailed description of work to be accomplished, a listing of the deliverables required and any additional data, as appropriate. The RFP will also include specific instructions for the submission of proposals. If oral proposals are to be used in lieu of or in conjunction with written proposals the RFP will specify such.

b) The amount of time for proposal submission will be based on the complexity and urgency of the requirement and will be stated in individual task orders. However, more or less time may be allowed based on the individual TO requirement. The due dates will be set forth in each RFP. If unable to perform a requirement, contractors shall submit a "no proposal" reply in response to the proposal request. All "no proposal" responses shall include a brief statement as to why the contractor is unable to perform, e.g. conflict of interest.

(i) Technical Proposals. Technical proposal information will be streamlined, e.g., the Government anticipates written proposals consisting of thirty (30) pages or less stating compliance or exception to requirements, risks, assumptions and conflict of interest issues. Proposals shall not merely restate PWS/SOO requirements. Written technical proposals shall normally address:

- * Technical Approach and descriptive narrative of the contractor's understanding of the requested effort
- * PWS in response to a SOO
- * Integrated Master Plan (if applicable)

- * Integrated Master Schedule (if applicable)
- * Key Personnel Assigned
- * Quantities/Hours of Personnel by Labor Categories and narrative justification (if applicable)
- * Other Direct Costs (ODCs) (materials and supplies, travel, training, etc. (quantities and types only))
- * Period of Performance
- * Government-Furnished Equipment (GFE)/Government-Furnished Information (GFI)
- * Security (including clearance level)
- * Teaming Arrangement (including subcontracting; identify new ACAs)
- * Small Business Plan (if a large business)
- * Other Pertinent Data, such as assumptions made

(ii) Cost Proposals. A written cost proposal will always be required for cost orders, and may be required for orders that are fixed price. This part of the proposal shall include detailed cost/price amounts of all resources required to accomplish the task, (i.e. labor hours, rates, travel, incidental equipment, etc.). The level of detail required shall be primarily based on the contract type planned for use, as further discussed below. The below instructions may normally be the ones which apply to task order proposals, however, these instructions may be tailored in individual RFPs, if so desired by the Government. Cost/price proposals shall include, as a minimum, a complete Contractor Work Breakdown Structure (CWBS), which coincides with the detailed technical approach; and provides proposed labor categories, hours, wage rates, direct/indirect rates, ODCs and fee. Cost-reimbursement proposals shall be submitted in accordance with FAR 52.215-21 - Requirements for Cost or Pricing Data or Information Other Than Cost or Pricing Data.

(iii) Labor Hour - The proposal shall identify labor categories, rate and the number of hours required for performance of the task. The proposal must identify and shall justify use of all non-labor cost elements. It must also identify any GFE and/or GFI required for task performance. To ensure proper use of the Labor Hour (LH) contract type, the Government has established a 10% cap on the usage of the Labor Hour CLIN (CLIN 0030, 1030, 2030, 3030, 3300, 4030, 4300).

(iv) Price Proposal. Information other than cost and pricing data maybe required at the task order level for fixed price orders. No detailed price information will be submitted if not required by the task order.

(v) Other Relevant Information. This information shall always be in writing and shall address other relevant information as required by the contract or requested by the RFP. For example, in accordance with Section H, H106, Organizational Conflict of Interest, identifying any situation in which the potential for a conflict of interest exists. If travel is specified in the TO PWS or SOO, air fare and/or local mileage, per diem rates by total days, number of trips and number of contractor employees traveling shall be included in the proposal. (See Clause H047).

(vi) Clarification of Proposals. Evaluations will be in accordance with the selection criteria setforth in the proposal request. Upon completion of evaluations, the CO will issue a task order to the contractor whose proposal provides the best value to the Government.

(vii) Proposal Preparation. The contractor shall assume all costs associated with preparation of proposals for task order awards under the proposal process as an indirect charge (B&P costs). The Government will not reimburse awardees for proposals as a direct charge.

9.Resolution of Issues. In the event issues pertaining to a proposed TO/DO solicitation cannot be resolved to the satisfaction of the CO, the CO reserves the right to withdraw and cancel the proposed TO/DO solicitation. In such event, the contractor shall be notified in writing of the CO's decision. This decision is final and conclusive and shall not be subject to the "Disputes" clause or the "Contract Disputes Act."

10. Task Order Issuance. Awarded task orders may be issued by e-mail, regular mail or facsimile using a DD Form 1155, Order for Supplies and Services and SF 1449, Solicitation/Contract/Order for Commercial Items. TOs may also be distributed via the DOD Electronic Document Access application. It is anticipated that all awarded TOs will be issued electronically. If mailed, a TO is considered "issued" when the Government deposits the order in the mail.

11. Unauthorized Work. The contractor is not authorized at any time to commence task order performance prior to issuance of a signed TO or other written approval provided by the CO to begin work.

12. Task Order Funding Restrictions. No unfunded TOs are allowed; TOs may be incrementally funded in accordance with FAR and other agency funding restrictions.

The Contracting Officer for each order is responsible for closing out the contract action that they issue. Notification that a closeout of an order is complete must be provided to the Procuring Contracting Officer (the Basic Contract) once accomplished. The contractor shall work in partnership with the Government to closeout orders as soon as possible after they are physically complete by using the "Quick Closeout" procedures described in FAR 42.708 as much as practical.

In accordance with Section 1427(b) of Public Law 108-136 a protest is not authorized in connection with the issuance or proposed issuance of an individual TO except a protest on the grounds that the order increases the scope, period, or maximum value of the contract under which the order is issued; or a protest of an order valued in excess of \$10 million. Protest of orders in excess of \$10 million may only be filed with the Government Accountability Office, in accordance with the procedures at 33.104<<http://farsite.hill.af.mil/reghtml/regs/far2afmcfars/fardfars/far/33.htm>>.

H138 INCORPORATION OF LABOR CATEGORIES AND MAXIMUM LABOR RATES (NOV 2009)

Successful offerors Labor Categories and Maximum Labor Rates will be incorporated in the resultant contract as Attachment 5 in Section J and shall be valid for the life of the contract.

Applicable to following Labor Hour Line Items: 0030, 1030, 2030, 3030, 3300, 4030, 4300

This Clause was modified by: P00001.

H139 SMALL BUSINESS GRADUATE TRANSITION (NOV 2011)

1. The NETCENTS-2 Application Services Solutions requirements have been divided between two contracting pools. One is a set of unrestricted multiple-award ID/IQ contracts; the other is a set of multiple-award ID/IQ companion contracts exclusively for small business concerns to compete for task orders under the set-aside provisions of FAR Part 19.

2. In order to encourage growth and incentivize good performance, the Government has established an opportunity for the small business companion contractors that are unable to recertify as a small business concern based solely on internal growth to transition into the unrestricted multiple-award ID/IQ contract pool provided they meet certain criteria defined in Exhibit B, CDRL B001 and Section H, clause H140. The opportunity to transition is not applicable to small business companion contractors unable to recertify as a small business concern because of a merger, acquisition, or any circumstance that requires the execution of a novation agreement under FAR Subpart 42.12; however those contractors may compete for award in the unrestricted multiple-award ID/IQ contract pool via the On Ramp provision under clause H103. This graduate transition opportunity will occur at the end of Option Years 2 and 3. The Government's decision on adding former small businesses to the unrestricted multiple-award ID/IQ

contract pool is final and conclusive and shall not be subject to the "Disputes" clause or the "Contract Disputes Act."

3. The award of Reserve CLINs 3100 - 3700 and/or 4100 - 4700, which permits a former small business concern to compete in the unrestricted multiple-award ID/IQ contracting pool, shall not have any effect on any On Ramp competition conducted under clause H103. The number of former small business concerns that are added to the pool of unrestricted multiple-award ID/IQ contract holders under the terms and conditions of this clause, if any, shall be in addition to the number of awardees that resulted from the initial competition for unrestricted multiple-award ID/IQ contracts. No offeror under the initial competition or an On Ramp competition for unrestricted multiple-award ID/IQ contracts will be prejudiced by the provisions of this clause, which are designed solely to enable the growth of small business concerns.

4. Upon award of the reserve CLINs, in accordance with FAR 52.219-9, Small Business Subcontracting Plan, the subcontracting plan contained in the dated proposal, will be incorporated by reference.

5. The award of the reserve CLINs to former small business concerns will result in the following clauses being added to the former small business concern existing contract:

Federal Acquisition Regulation (FAR)

52.219-9 -- Small Business Subcontracting Plan.

52.219-8 -- Utilization of Small Business Concerns

52.219-16 -- Liquidated Damages -- Subcontracting Plan

52.230-1 -- Cost Accounting Standards Notices and Certification

52.230-2 -- Cost Accounting Standards.

52.230-3 -- Disclosure and Consistency of Cost Accounting Practices

52.230-6 -- Administration of Cost Accounting Standards

52.230-7 -- Proposal Disclosure-Cost Accounting Practice Changes

Defense Federal Acquisition Regulation System (DFARS)

252.219-7003 Small Business Subcontracting Plan (DoD Contracts).

H133 SMALL BUSINESS SUBCONTRACTING REQUIREMENTS AND INCENTIVES
(APPLICABLE TO LARGE BUSINESSES ONLY) (MAR 2010)

1. The magnitude of this contract may require many business concerns to team, partner, and/or subcontract with other business concerns (large and small). The Government has set a small business subcontracting requirement of 23% of total obligated dollars for this contract. All prime contractors, other than small business, are required to meet and maintain a 23% small business subcontracting requirement throughout the life of the contract with additional specific requirements for the following categories:

Small Disadvantaged Business - 5%

Woman owned Small Business - 5%

Hub-Zone - 3%

Service -Disabled Veteran Owned Small Business - 3%

Veteran Owned Small Business - 3%

2. Significant small business subcontractors used to provide Past Performance Information in proposal submission are considered 1st Tier subcontractors and shall not be substituted after contract award unless approved by NETCENTS-2 Application Services PCO.

3. Small Business Subcontracting Plan

a. Data regarding each contractor's small business subcontractor performance will be obtained as follows: after contract award, prime contractors shall report its achievement in meeting small business subcontracting requirements through submission of documentation supporting actual total contract dollars subcontracted to small business concerns. This documentation format shall be in accordance with and submitted as directed in Exhibit B, CDRL B002 semi-annually to the Contracting

Officer during Program Management Reviews so that the Government can determine the extent of compliance by the offeror. In accordance with FAR 52.219-09, the contractor shall report semi-annually its achievement in meeting small business subcontracting requirements through submission of the Individual Subcontract Report (ISR) and the Summary Subcontract Report (SSR) using the web-based Electronic Subcontracting Reporting System (eSRS) <<http://www.esrs.gov>>.

b. If it is determined that a prime contractor is not meeting the requirement by the established reporting period, that contractor shall be required to submit a "get well plan" to the AF within 30 calendar days. The "plan" shall set forth the remedial actions the contractor intends to take to meet the requirement within the next 6 months. This "get well plan" must be approved by the PCO.

c. The contractor's performance in failing to meet, meeting, or exceeding proposed small business subcontracting requirements, will be reflected in the annual contract CPARS. In addition, ordering contracting officers may also consider how well the prime is meeting small business subcontracting requirements in task order evaluations.

d. Failure to meet the small business subcontracting requirements of the contract will have a negative impact on the contractor's past performance rating, may negatively affect the contractor's ability to secure future order awards, and may negatively impact the determination of the Government to exercise any options.

4. Small Business Participation Plan

a. The contractor shall submit a Small Business Participation Plan, using the format provided with Section J, Exhibit B, CDRL B001 which will identify and show your commitment to subcontracting opportunities for each SB sub-category in performance of the NETCENTS-2 Application Services full and open contract. The Participation Plan is required whether the offeror utilizes a master subcontracting plan, commercial subcontracting plan, a comprehensive subcontracting plan, or an Individual Subcontracting Plan. The small business participation plan shall be incorporated into the resulting contract.

b. The contractor shall report actual achievement of small business subcontracting results down to the third tier on a monthly basis using Section J, Exhibit B, CDRL B001. Small business participation reporting shall discuss initiatives to assist, promote, and utilize small business (SB), small disadvantage business (SDB), women-owned small business (WOSB), Historically Underutilized Business Zone (HUB Zone) small business, veteran-owned small business (VOSB) and service disabled veteran-owned small business (SDVOSB), including the use of small businesses in mission critical aspects of the program. This information may be considered in CPARS and other performance reviews. Small business participation will be monitored to ensure the contractor meets the targets set forth in the contractor's Small Business Participation Plan.

H140 SPECIAL PROVISIONS FOR SMALL BUSINESS COMPANION CONTRACT AWARDEES (NOV 2009)

1. In order to encourage growth and incentivize good performance, the Government has established the opportunity for small business companion contractors to transition into the unrestricted multiple-award ID/IQ contract pool for Application Services requirements.

a. Small business companion contractors unable to recertify as a small business concern because of a merger, acquisition, or any circumstance that requires the execution of a novation agreement under FAR Subpart 42.12 are NOT eligible for consideration of award under Reserve CLINs 3100-3700 and CLINs 4100-4700.

b. Small business contractors that are unable to recertify as a small business concern based solely on internal growth are eligible for consideration of award under Reserve CLINs 3100-3700 and/or Option CLINs 4100-4700.

2. To be considered for award under Reserve CLINs 3100-3700, eligible small business companion contractors must submit data in accordance with Exhibit B, CDRL B001 180 days prior to end of Option Year 2.

3. Small business companion contractors unable to recertify as a small business concern at the end of Option Year 3, may elect to be considered for award under Reserve CLINs 4100-4700, and submit data in accordance with Exhibit B, CDRL B001 180 days prior to end of Option Year 3. Any small business companion contract holder already in the unrestricted pool will not be required to resubmit data for Reserve CLINs 4100-4700, if exercised.

4. Once a small business companion contract holder transitions, that contractor will only compete for task orders in the unrestricted pool of awardees. The ordering period for small business companion contractors being added to the unrestricted pool will coincide with the unrestricted pool's period of performance, inclusive of options, but shall not extend the overall term of the contract beyond the original performance period nor shall it reestablish the contract base period, inclusive of options.

5. IAW clause H102, once a small business companion contract holder transitions and the reserve CLINs are awarded, the contractor shall not participate as a subcontractor on any prime contractor's team in the unrestricted multiple-award ID/IQ contract pool for Application Services on any future task order awards.

6. If small business companion contract holders elect to submit proposals IAW Exhibit B, CDRL B001, and the Government determines that the data submitted with the CDRL is acceptable based on the terms specified below, and the Government exercises the Option Period 3 "SB Graduate Reserve CLINs" (CLINs 3100-3700); and/or Option Period 4 "SB Graduate Reserve CLINs" (CLINs 4100-4700) in the unrestricted pool, the Government will not exercise the corresponding Option CLINs (3010-3070 and/or 4010-4070) in the Small Business Companion Contract.

7. The Government will perform an integrated assessment of the data submitted under Exhibit B, CDRL B001. At a minimum, the contractor must meet the following criteria:

a. TECHNICAL:

Quality Processes (This section may be updated to reflect changes in regulatory provisions and commercial practices and certifications): The prime contractor shall provide proof of certification (copy of certificate with initial proposal submission) of being appraised at Level 3 (or higher) for Capability Maturity Model (CMM), Capability Maturity Model Integration (CMMI), or CMMI Development using the Software Engineering Institute's (SEI) Standard CMMI Appraisal Method for Process Improvement (SCAMPI) (Method A) by an SEI-authorized lead appraiser. This certification must be held at the prime offeror's organizational level performing the contract.

b. PAST PERFORMANCE:

The Government will evaluate the contractor's performance on the NETCENTS-2 Orders provided in Exhibit B, CDRL B001. The PCO will determine the quality of the work performed based on an integrated assessment of data obtained in the Contractor Performance Assessment Reporting Systems (CPARS) and information obtained from Defense Contract Management Agency (DCMA) channels, interviews with customers, program managers and/or contracting officers for NETCENTS-2 task orders. Based on the contractor performance records above, the PCO will determine if there is an expectation that the contractor will successfully perform the required efforts under the unrestricted Application Services contract.

8. In addition to assessment of the above criteria, the Government will:

a. Verify contractor has an approved Cost Accounting System (CAS)

b. Review contractor's Small Business Participation Plan and Subcontracting Plan for acceptability (Exhibit B, CDRL B001)

c. Review an updated copy of online Representations and Certifications in clause 52.204-08, or electronically via the Online Representations and certifications Application (ORCA) website.

9. If not in the Government's best interest, the Government reserves the right to not transition a small business companion contract holder into the unrestricted multiple-award ID/IQ contract pool. The Government's decision to exercise Reserve CLINs 3100-3700 and/or CLINs 4100-4700 is final and conclusive and shall not be subject to the "Disputes" clause or the "Contract Disputes Act."

H141 ASSOCIATE CONTRACTOR AGREEMENTS (ACAS) (NOV 2011)

FORMERLY AFMC 5352.217-9010 ASSOCIATE CONTRACTOR AGREEMENTS (ACAS) (AFMC) (OCT 2008)

(a) The Contractor shall enter into Associate Contractor Agreements (ACA) for any portion of the contract requiring joint participation in the accomplishment of the Government's requirement. The agreements shall include the basis for sharing information, data, technical knowledge, expertise, and/or resources essential to the integration of the NETCENTS-2 Program which shall ensure the greatest degree of cooperation for the development of the program to meet the terms of the contract. Associate Contractors are listed in (h) below.

(b) ACAs shall include the following general information:

- (1) Identify the associate contractors and their relationships.
- (2) Identify the program involved and the relevant Government contracts of the associate contractors.
- (3) Describe the associate contractor interfaces by general subject matter.
- (4) Specify the categories of information to be exchanged or support to be provided.
- (5) Include the expiration date (or event) of the ACA.
- (6) Identify potential conflicts between relevant Government contracts and the ACA; include agreements on protection of proprietary data and restrictions on employees.

(c) A copy of such agreement shall be provided to the Contracting Officer for review before execution of the document by the cooperating contractors.

(d) Nothing in the foregoing shall affect compliance with the requirements of the clause at 5352.209-9002, Organizational Conflict of Interest.

(e) The Contractor is not relieved of any contract requirements or entitled to any adjustments to the contract terms because of a failure to resolve a disagreement with an associate contractor.

(f) Liability for the improper disclosure of any proprietary data contained in or referenced by any agreement shall rest with the parties to the agreement, and not the Government.

(g) All costs associated with the agreements are included in the negotiated cost of this contract. Agreements may be amended as required by the Government during the performance of this contract.

(h) The following contractors are associate contractors with whom agreements are required:

CONTRACTOR ADDRESS PROGRAM/CONTRACT
"to be cited in each individual task order"

H142 ADVANCE CHANGE ADJUSTMENT AGREEMENTS (NOV 2011)

FORMERLY AFMC 5352.243-9001 ADVANCE CHANGE ADJUSTMENT AGREEMENTS (AFMC) (OCT 2008)

(a) Purpose. This clause establishes a procedure by which the parties agree to change this contract per the Changes clause of this contract without an equitable adjustment to the contract price. The parties agree that each change not exceeding \$2,500.00, which also does not affect the contract delivery or performance schedules or any other contract clause, term or condition shall be a change having no effect on the contract price. For cost contracts, there will be no fee adjustment for each change not exceeding \$2,500.00 which does not affect contract delivery or performance, or any contract provision.

(b) Procedure. When it is proposed to make a change under the Changes clause and both parties agree that such a change shall require no equitable adjustment as contemplated by paragraph (a) of this clause, the Contractor shall submit a written proposal or offer to accomplish the proposed change without an equitable adjustment. If the Contracting Officer determines no adjustment is necessary, the Contractor's proposal may be accepted by issuing a unilateral modification using an SF Form 30, Amendment of Solicitation/Modification of Contract. The modification shall (1) be issued under the Changes clause; (2) cite this clause; (3) reference the Contractor's proposal or offer; and (4) direct the changes to be made. The issuance of the modification shall constitute acceptance of the Contractor's proposal or offer, shall be binding on both parties, and shall be a full, complete and final settlement for the directed changes.

H143 BASE SUPPORT (NOV 2011)

FORMERLY AFMC 5352.245-9004 BASE SUPPORT (AFMC) (JUL 1997) - ALTERNATE I (JUL 1997) - ALTERNATE II (JUL 1997)

Base support shall be provided by the Government to the Contractor in accordance with this clause. Failure by the Contractor to comply with the requirements of this clause shall release the Government, without prejudice, from its obligation to provide base support by the date(s) required. If warranted, and if the Contractor has complied with the requirements of this clause, an equitable adjustment shall be made if the Government fails to provide base support by the date(s) required.

(a) Base support includes Government-controlled working space, material, equipment, services (including automatic data processing), or other support (excluding use of the Defense Switched Network (DSN)) which the Government determines can be made available at, or through, any Air Force installation where this contract shall be performed. All Government property in the possession of the Contractor, provided through the base support clause, shall be used and managed in accordance with the Government Property clauses.

(b) The Air Force installations providing the support shall be listed in subparagraph (e), and the Government support to be furnished by each installation under this contract shall be listed in subparagraph (f).

(c) Unless otherwise stipulated in the contract schedule, support shall be provided on a no-charge-for-use basis and the value shall be a part of the Government's contract consideration.

(d) The Contractor agrees to immediately report (with a copy to the cognizant CAO) inadequacies, defective Government-Furnished Property (GFP) or nonavailability of support stipulated by

the contract schedule, together with a recommended plan for obtaining the required support. The Government agrees to determine (within 10 workdays) the validity and extent of the involved requirement and the method by which it shall be fulfilled (e.g., purchase, rental, lease, GFP, etc.). Facilities shall not be purchased under this clause. Additionally, the Contractor (or authorized representative) shall not purchase, or otherwise furnish any base support requirement provided by the clause (or authorize others to do so), without prior written approval of the Contracting Officer regarding the price, terms, and conditions of the proposed purchase, or approval of other arrangements.

(e) Following are installations where base support will be provided "to be cited in each individual task order".

(f) The Government support to be furnished under this contract is "to be cited in each individual task order". Because of the nature and location(s) of the work performed, the value of such equipment is undeterminable. The Contractor shall not incur any cost resulting from nonsupport prior to Contracting Officer concurrence in accordance with this clause.

(g) When this contract is a cost, cost-reimbursement, time-and-materials, or labor hour contract, the Contractor agrees that in the performance of this contract or any major subcontract no direct or indirect costs for property will be incurred if the Government determines that property is available at, or through any Air Force installation where this contract shall be performed. Only the prior written approval of the Contracting Officer can relieve the Contractor from this restriction.

II. NOTICE: The following contract clauses pertinent to this section are hereby incorporated in full text:

A. FEDERAL ACQUISITION REGULATION CONTRACT CLAUSES IN FULL TEXT

52.211-15 DEFENSE PRIORITY AND ALLOCATION REQUIREMENTS (APR 2008)

This is a rated order certified for national defense, emergency preparedness, and energy program use, and the Contractor shall follow all the requirements of the Defense Priorities and Allocations System regulation (15 CFR 700).

52.216-19 ORDER LIMITATIONS (OCT 1995)

(a) Maximum order. The Contractor is not obligated to honor--

- (1) Any order for a single item in excess of \$100M;
- (2) Any order for a combination of items in excess of \$100M; or

(3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) of this section.

(b) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(c) Notwithstanding paragraphs (a) and (b) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (c), unless that order (or orders) is returned to the ordering office within 10 (insert number of days) days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

52.216-24 LIMITATION OF GOVERNMENT LIABILITY (APR 1984)

(a) In performing this contract, the Contractor is not authorized to make expenditures or incur obligations exceeding "to be cited in each individual task order" dollars.

(b) The maximum amount for which the Government shall be liable if this contract is terminated is "to be cited in each individual task order" dollars.

52.217-09 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within ten (10) calendar days prior to end of base period; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least sixty (60) days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed seven (7) years including all option periods.

52.222-42 STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 1989)

In compliance with the Service Contract Act of 1965, as amended, and the regulations of the Secretary of Labor (29 CFR Part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C. 5341 or 5332.

THIS STATEMENT IS FOR INFORMATION ONLY: IT IS NOT A
WAGE DETERMINATION

Employee Class	Monetary Wage - Fringe Benefits
"to be cited in each individual task order"	

52.252-02 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): <http://farsite.hill.af.mil/>

52.252-06 AUTHORIZED DEVIATIONS IN CLAUSES (APR 1984)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Defense Federal Acquisition Regulation Supplement (48 CFR Chapter 2) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

B. DEFENSE FAR SUPP CONTRACT CLAUSES IN FULL TEXT

252.216-7999 AWARD FEE REDUCTION OR DENIAL FOR JEOPARDIZING THE HEALTH OR SAFETY OF GOVERNMENT PERSONNEL (DEVIATION) (APR 2010)

(a) Definitions. As used in this clause--

"Covered incident" --

(1) Means any incident in which the contractor--

(i) Has been determined, through a criminal, civil, or administrative proceeding that results in a disposition listed in paragraph (2) of this definition in the performance of this contract to have caused serious bodily injury or death of any civilian or military personnel of the Government through gross negligence or with reckless disregard for the safety of such personnel; or

(ii) Has been determined through a criminal, civil, or administrative proceeding that results in a disposition listed in paragraph 2 of this definition to be liable for actions of a subcontractor of the Contractor that caused serious bodily injury or death to any civilian or military personnel of the Government through gross negligence or with reckless disregard for the safety of such personnel.

(2) Shall include those incidents that have resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault or liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damage of \$5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in--

(A) The payment of a monetary fine or penalty of \$5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in subparagraphs (a)(2)(i), (a)(2)(ii) or (a)(2)(iii).

"Serious bodily injury" means a grievous physical harm that result in a permanent disability.

(b) The award fee of the Contractor may be reduced or denied, if its performance under this contract for the relevant award fee period results in a covered incident.

252.225-7997 ADDITIONAL REQUIREMENTS AND RESPONSIBILITIES RELATING TO ALLEGED CRIMES BY OR AGAINST CONTRACTOR PERSONNEL IN IRAQ AND AFGHANISTAN (DEVIATION) (AUG 2010)

(a) The Contractor shall report to the appropriate investigative authorities identified in paragraph (c) below, any alleged offenses under--

(1) The Uniform Code of Military Justice (chapter 47 of title 10, United States Code) (applicable to contractors serving with or accompanying an armed force in the field during a declared war or a contingency operation); or

(2) The Military Extraterritorial Jurisdiction Act (chapter 212 of title 18, United States Code).

(b) The Contractor shall provide to all contractor personnel who will perform work on a contract in Iraq or Afghanistan, before beginning such work, information on the following:

(1) How and where to report an alleged crime described in paragraph (a) of this clause.

(2) Where to seek victim and witness protection and assistance available to contractor personnel in connection with an alleged offense described in paragraph (a) of this clause.

(c) The appropriate investigative authorities to which suspected crimes shall be reported include the following officials--

(1) US Army Criminal Investigations Division at
<http://www.cid.army.mil/reportacrime.html>;

(2) Air Force Office of Special Investigations at
<http://www.osi.andrews.af.mil/library/factsheets/factsheet.asp?id=14522>;

(3) Navy Criminal Investigative Service at
<http://www.ncis.navy.mil/Pages/publicdefault.aspx>; or

(4) To the command of any supported military element or the command of any base.

(d) Personnel seeking whistleblower protection from reprisals for reporting criminal acts shall seek guidance through the DoD Inspector General hotline at (800) 424-9098 or www.dodig.mil/HOTLINE/index.html. Personnel seeking other forms of victim or witness protections should contact the nearest military law enforcement office.

252.232-7007 LIMITATION OF GOVERNMENT'S OBLIGATION (MAY 2006)

(a) Contract line item(s) "to be cited in each individual task order" through "to be cited in each individual task order" are incrementally funded. For these item (s), the sum of "to be cited in each individual task order" of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be

required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) or (e) of this clause.

(h) Nothing in this clause affects the rights of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

On execution of contract	"to be cited in each individual task order"
"to be cited in each individual task order"	"to be cited in each individual task order"
"to be cited in each individual task order"	"to be cited in each individual task order"
"to be cited in each individual task order"	"to be cited in each individual task order"

Applies to Firm-Fixed-Price CLIN(s), Fixed-Price Incentive (Firm Target) CLIN(s) only.

C. AIR FORCE FEDERAL ACQUISITION REGULATION SUPPLEMENT CONTRACT CLAUSES IN FULL TEXT

5352.201-9101 OMBUDSMAN (APR 2010)

(a) An ombudsman has been appointed to hear and facilitate the resolution of concerns from offerors, potential offerors, and others for this acquisition. When requested, the ombudsman will maintain strict confidentiality as to the source of the concern. The existence of the ombudsman does not affect the authority of the program manager, contracting officer, or source selection official. Further, the ombudsman does not participate in the evaluation of proposals, the source selection process, or the adjudication of protests or formal contract disputes. The ombudsman may refer the party to another official who can resolve the concern.

(b) Before consulting with an ombudsman, interested parties must first address their concerns, issues, disagreements, and/or recommendations to the contracting officer for resolution. Consulting an ombudsman does not alter or postpone the timelines for any other processes (e.g., agency level bid protests, GAO bid protests, requests for debriefings, employee-employer actions, contests of OMB Circular A-76 competition performance decisions).

(c) If resolution cannot be made by the contracting officer, concerned parties may contact the Center/MAJCOM or AFISRA ombudsmen, ESC Ombudsman, Bldg 1606, 9 Eglin Street, Hanscom AFB, MA 01731, Telephone: 781-377-5106, Fax: 781-377-4659, email: ESC.Ombudsman@hanscom.af.mil. Concerns, issues, disagreements, and recommendations that cannot be resolved at the MAJCOM/DRU or ARISRA level, may be brought by the concerned party for further consideration to the Air Force ombudsman, Associate Deputy Assistant Secretary (ADAS) (Contracting), SAF/AQC, 1060 Air Force Pentagon, Washington DC 20330-1060, phone number (703) 588-7004, facsimile number (703) 588-1067.

(d) The ombudsman has no authority to render a decision that binds the agency.

(e) Do not contact the ombudsman to request copies of the solicitation, verify offer due date, or clarify technical requirements. Such inquiries shall be directed to the Contracting Officer.
