## **NETCENTS 2 NetOps – Full and Open Delivery/Task Order Status Report (DOSR) Instructions**

1. Overall Instructions.
  - a. All NETCENTS 2 prime contract holders are to provide delivery order status report information every month covering the period from the first through the last calendar day of the previous month.
  - b. This data shall be sent, by the 10<sup>th</sup> of the reporting month (if the 10<sup>th</sup> falls on a weekend or holiday, the information is due NLT the next business day), via e-mail, to the two organization email boxes:
    - i. [hicifinance@us.af.mil](mailto:hicifinance@us.af.mil)
    - ii. [ESC.HIJ.NetOps@us.af.mil](mailto:ESC.HIJ.NetOps@us.af.mil)
    - iii. Data shall be delivered as a Microsoft Excel Spreadsheet or some other mutually agreeable standardized format (CSV, ACCDB, etc.).
  - c. If there is no DOSR data to report, an email to the above email boxes (and following the Subject line instructions set out below), may be sent in lieu of a blank spreadsheet, stating that you have no data to report for that reporting period..
2. Concept of Operations.
  - a. Every delivery/task order received by the contractor must be reported once, at a minimum.
    - i. Report the award of a delivery/task order by awarded Contract Line Item Number (CLIN)/Sub-Contract Line Item Number (SLIN). The basic or initial order is always listed as “00” in the Delivery Order Modification Number column.
    - ii. Report any modifications to the delivery/task order that adds or de-obligates funds (by CLIN/SLIN). Administrative modifications do not need to be reported.
    - iii. Report any invoice or DFAS payment actions, as many times as necessary over time.
    - iv. Report order changes or the completion of a delivery/task order by using the correct Order Status Indicator Code.
    - v. Orders will be reported as of the effective date of the task order contract.
    - vi. Period of Performance (PoP) dates should reflect the delivery dates as specified in the delivery/task order.
    - vii. Once an order CLIN has been completed, invoiced and fully paid, it should be removed from future DOSR submissions.
    - viii. Orders may include multiple CLIN items (e.g. CO for cost items, LH for labor items, etc.). Each item will be a row in the spreadsheet with the general order information duplicated for all CLIN items in the same order.
    - ix. Do not put comments in fields designed for currency or dates, etc. Use the optional Comments field at the end for anything information you wish to convey to the Government.
  - b. The attached DOSR template defines how to setup the DOSR spreadsheet deliverable. The spreadsheet should be a true row/column format. The DOSR is up loaded into a government DOSR database so it is important that column names, order and formats be the same as shown in the column layout and description of the DOSR format in the template. A spreadsheet file based on the template is available upon request.
  - c. All order information should be complete for each line. For columns that don't apply or information is missing, leave the columns blank, unless the item description indicates otherwise.
3. File Naming and Subject Line Instructions

- a. File Name Format: File names of the A001 deliverable needs to be standardized to help distinguish the various DOSR reports from the various vendors. The naming convention needs to be as follows:
  - i. Contract Number, A001, Vendor Name, Reporting Month/Year
  - ii. **[Example: FA873214D1111 A001 XYZ Co. August2014 Report]**
- b. Copies of the DOSR will be sent to the e-mail organization boxes mentioned above in paragraph 1. The Subject Line format of the e-mail should be as follows:
  - i. Contract Number , A001, Vendor Name, Reporting Month and Year
  - ii. **[Example: FA873214D1111 A001 Xyz Co August 2014]**
