DUNS: 080687369

SBEAS CONTRACT #: FA8771-20-D-0018

CAGE: 7WAV5

CMMI DEV / 3SM
Exp. 2021-06-27 / Appraisal #32234

9001:2015
27001:2013
20000-1:2011

CMMI SVC / 3SM
Exp. 2021-06-27 / Appraisal #32234

MENTOR PROTÉGÉ JOINT VENTURE

Our Mentor Protégé

eSolution Architects (eSA) and TRI-COR Industries (TCI)

- 30+ years' experience delivering mission-critical Federal IT Programs
- CMMI Level 3 (SVC & DEV) and ITIL V3 certified
- Best practices for Management, Quality, and Security per ISO 27001:2013, 9001:2015, and 20000-1:2011
- AWS and Red Hat Partner

Core Services

Software Lifecycle Services

- Holistic, 360-degree Operational and Technical Assessments
- IS Design, Build, Test, and Implementation
- Application Re-engineering, Migration, and Modernization

Cybersecurity Services

- Implementation of NIST IA, C&A, and RMF Compliant Frameworks
- Proactive Risk Management to ensure CIA/AIC
- Continuous Monitoring, Assessment, and Reporting

IT Business Support Services

- Requirements Analysis, User Story, and Use Case Development
- Full-Scope Testing, Validation, and Verification
- 24x7x365 Tier I-III Service Desk for Incident, Access, and Problem Management

Mobile/Internet of Things (IoT) Services

- Implementation of Secure, Enterprise-Grade Mobile Apps
- Development and Rapid Prototyping of Custom MaaS Solutions
- Modernization of Legacy Systems for IOS and Android Devices

Cloud Services

- Certified Cloud SMEs for AWS, Azure, and OpenShift
- End-to-End Implementation and Support of Private, Public, and Hybrid Solutions
- Modernization, Transition, and Migration of Legacy Portfolios through DevOps, SecDevOps, and Agile Processes

Our People

- 96% employee retention rate
- 50%+ of employees are veterans
- 80%+ staff hold active clearances
- 70% hold advanced and professional degrees

Our Current Customers

USAF • USTRANSCOM • DHS • EPA
FAA • USDA

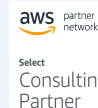

Our Locations

Headquarters:
Montgomery, AL

Satellite Locations:

Maxwell, AL
Denver, CO
Aberdeen, MD
Kansas City, MO
Dayton, OH
Oklahoma City, OK
Brentwood, TN
San Antonio, TX
Alexandria, VA
Arlington, VA
Burlington, VT
Washington, D.C.

Our Partnerships

Our Products

TECHNOLOGY FOCUS AREAS

Enterprise Applications Development & Sustainment

Development Languages

Java/J2EE • .NET • AngularJS
HTML5 • Javascript • C#

Application Layer

IIS • Websphere • Tomcat • JBoss • Apache

Enterprise Data Services

Databases

Oracle • SQL Server • MySQL
MongoDB • SQL, PL/SQL, TSQL

Enterprise Infrastructure Operations

Computer

Virtualization and Physical Systems
VMware, Hyper-V, Red Hat Enterprise Virtualization
Windows, RHEL Linux, Other Linux

Storage

EMC, NetAPP, RH Ceph • Fiber, iSCSI

Networking

Cisco, Juniper, F5, Fortinet • Routing • Firewalls
Load Balancing • LAN/WAN • SIPR/NIPR

Supporting tools

BMC Remedy • Solarwinds • ServiceNow

Cloud

IaaS, PaaS, SaaS • SDN • Containerization
AWS • Azure • Hybrid • Docker • Kubernetes
Red Hat tools such as Cloud Suite, CloudForms,
Ansible, Satellite, Openstack

DevOps

Jira • Git • Jenkins • Ansible and Ansible Tower
Docker • Kubernetes

Past Performances

Global Combat Support System-Air Force (GCSS-AF)

- Cybersecurity Assessment and Support for Enterprise Systems
- Designing, Deploying, and Maintaining Networking and Application Devices in Multiple DISA and AWS Environments
- Cloud One Migration Services from Analysis to Post-Deployment Support for 8 Mission Systems

Air Mobility Command Applications Infrastructure & Systems Support (AISS)

- Architecture, Design, Engineering, and Integration for 25,000+ Global Users
- Mobility Infrastructure Engineering
- Implementation and Management of Next-Generation Cloud Services

Air Force Material Command Aviation Resources Management System (ARMS)

- Software Development and System Sustainment for 55,000+ Users
- Database Redesign and Modernization
- Agile/Scrum Development Methodology and Toolsets

United States Transportation Command Reference Data Management (TRDM)

- Agile Software Development and DevOps
- Centralized Management and Distribution of Enterprise Reference Data
- Common Computing Environment and Optimization through Automation and Virtualization

Immigration and Customs Enforcement Criminal Alien Identification Initiatives (CAII)

- Implementation of DevOps Framework and CI/CD
- Migration of Applications and Databases to PaaS and SaaS
- SEI CMMI Level 3, ISO, CMMI, and ITIL-Compliant Frameworks

CMMI DEV/3SM
Exp. 2024-06-27 / Appraisal #32234
